The Freshest  
**WHOLE  
GRAIN**  
Breads

Why Great Harvest  
Whole Grains?

Our wheat comes from family owned farms in the high plains of Montana where the climate is ideal for creating high-protein premium wheat. We mill our wheat daily in our bakery to create whole grain flour of the highest nutritional value.

Milling can also help the release of certain antioxidants and make them more available. We use our flour within 48 hours to ensure nutrients are maintained and that we achieve the freshest, most delicious tasting products without the use of chemicals or dough conditioners. Our breads stay fresh for 7-10 day, no preservatives needed!
